Exemple de résultat d'un Service by Host

The screenshot displays a monitoring window titled "DISK-USAGE-/" for host "Master-Docker-SNMPV3_DOCKPTF01". The interface includes tabs for "Details", "Timeline", "Graph", and "Notification". The "Details" tab is active, showing a green "Status information" box with the message: "OK: Partition '/' usage total: 11.71 GB used: 3.64 GB (31.05%) free: 8.07 GB (68.95%), Inodes used: 8 %". Below this are several key-value pairs: "Monitoring server Central", "Current status duration 3d 4h - 1/3(H)", "Last status change 01/06/2026 9:52 AM", "Last check 01/09/2026 2:11 PM", "Next check 01/09/2026 2:16 PM", "Check duration 0.151575 s", "Latency 0.587 s", "Status change percentage 0%", and "Current notification number 0". A "Performance data" section shows a JSON-like string: "'count'=1;;;0; 'used'=3904077824B;;;0;12573614080 'free'=8669536256B;;;0;12573614080 'used_prct'=31.05%;0:80;0:90;0;100 'inodes'=8%;;0;100". The "Command" section lists the execution command: "/usr/lib/centreon/plugins/centreon_linux_snmp.pl --plugin=os::linux::snmp::plugin --mode=disk-usage --hostname=192.168.32.141 --snmp-version='3' --snmp-community='public' --name --diskpath='/' --snmp-timeout=30".

Ok DISK-USAGE-/
Master-Docker-SNMPV3_DOCKPTF01

Details Timeline Graph Notification

Status information
OK: Partition '/' usage total: 11.71 GB used: 3.64 GB (31.05%) free: 8.07 GB (68.95%), Inodes used: 8 %

Monitoring server Central
Current status duration 3d 4h - 1/3(H)

Last status change 01/06/2026 9:52 AM
Last check 01/09/2026 2:11 PM

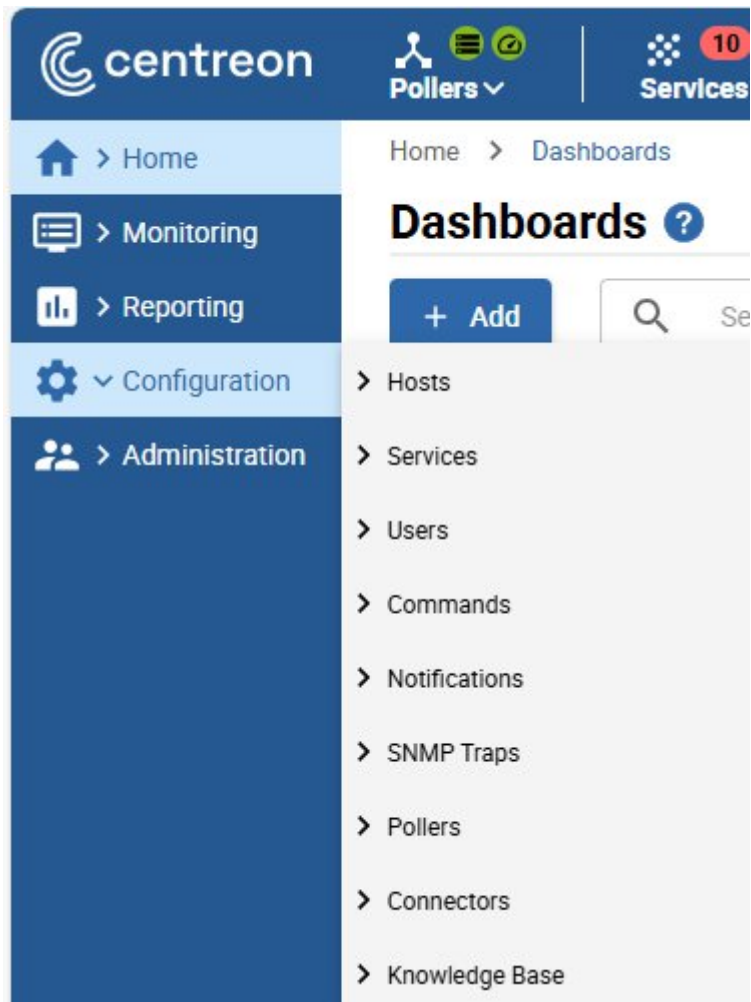

Next check 01/09/2026 2:16 PM
Check duration 0.151575 s

Latency 0.587 s
Status change percentage 0%

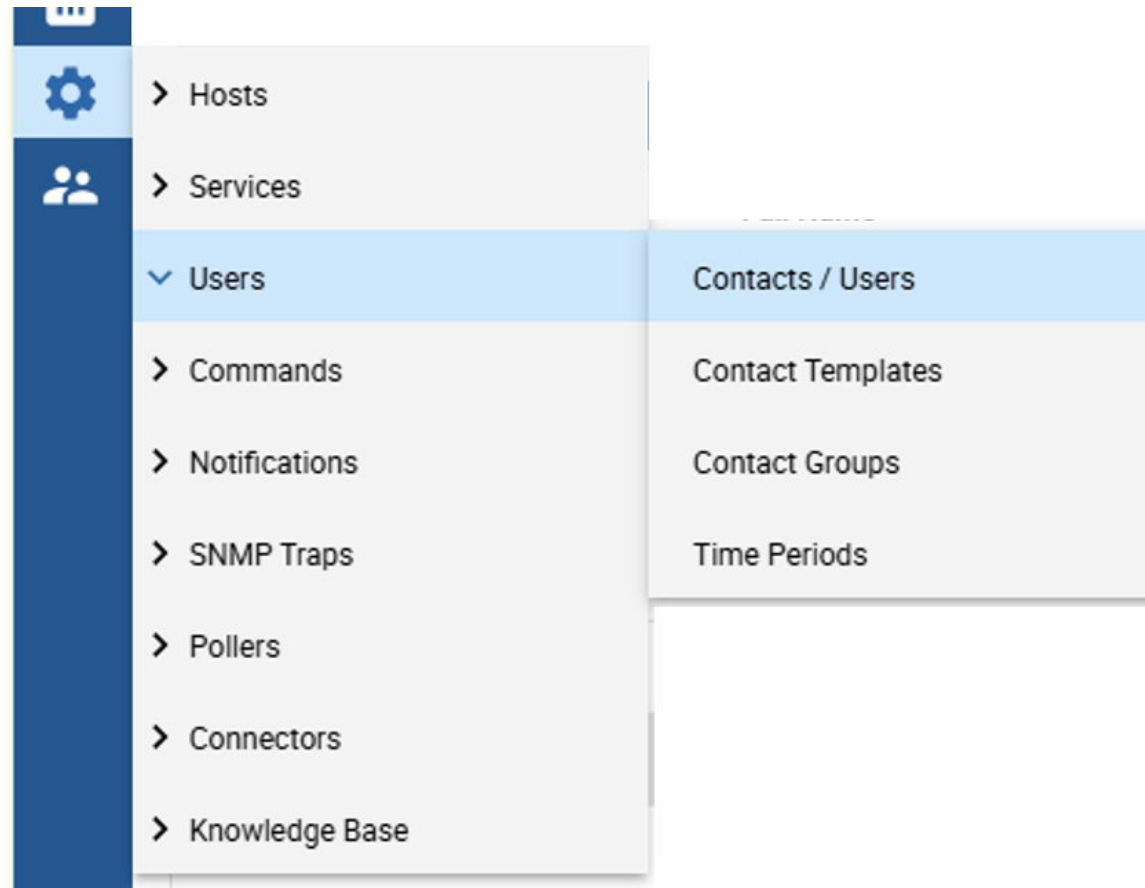

Current notification number 0

Performance data
'count'=1;;;0; 'used'=3904077824B;;;0;12573614080 'free'=8669536256B;;;0;12573614080 'used_prct'=31.05%;0:80;0:90;0;100 'inodes'=8%;;0;100

Command
/usr/lib/centreon/plugins/centreon_linux_snmp.pl
--plugin=os::linux::snmp::plugin
--mode=disk-usage
--hostname=192.168.32.141
--snmp-version='3'
--snmp-community='public'
--name
--diskpath='/'
--snmp-timeout=30
